

## **Becton Rotary Support New Forest Sewing for the NHS project to provide Scrubs and Bags to NHS Staff.**

This project to supply Scrubs, Scrub Bags and Masks/Headbands to the NHS is really flying thanks to the volunteers of the New Forest Sewing for the NHS. We at Becton Rotary are proud to be supporting them and have launched the following Just Giving page to help raise the funds required to maintain an adequate supply of materials. It would be amazing if any of you could help with a donation no matter how large or small. Thank you.

Rtms Terry and Debbie proudly displaying some of the many Scrubs Bags picked up from the drop off points. The bags were all made by the wonderful volunteers of #newforestsewingforthenhs who have already made over 1000 bags and are now starting to make the scrubs. Huge well done to everybody.
